

Under MY Umbrella: The Human Side of Technology An Educational Networking Event

Wednesday, April 1st 2020 4:30-6:30 pm

Seniors are sometimes afraid to use technology to reach out to their family members and you as their trusted providers. They face loneliness, financial issues, health problems, and limited mobility. We call these the storms of life. In this educational event, you will learn how to bridge the gap between the two worlds and provide better service and value add to your seniors and their families.

What is under your umbrella are the "Rays of Knowledge" to help quiet the storms. Technology tips may include:

Medical ID/ICE

Phone Scams

Phone/Cable Bill Savings

My Chart

5 Wishes & LifeStats

Navigating Mobility-using more than a 2 button remote

A "Real Referral" Network

Light hors d'oeuvres, beer and wine served NO Fool' in
