Respite Care

C H A R L E S T O N

DEMENTIA & ALZHEIMER'S SUPPORT

For nearly 30 years, Respite Care Charleston has been the only local nonprofit providing support and services to the thousands of families living with Alzheimer's disease and other forms of dementia in Charleston County. Most services are free, and scholarships are available to ensure no family is ever denied help due to financial constraints.

Caregiver Support Groups

RCC professionals facilitate 10+ support group meetings each month at locations throughout Charleston and online, offering the chance to share experiences, problem-solve, learn about and prepare for what's to come, and connect with community resources and other caregivers.

"RCC has been a God send. It has provided so much compassion, caring and companionship, as well as much needed information for both of us."

Senior Moments

Designed for people with mild cognitive impairment or early-stage dementia, this unique program helps members understand their condition, prepare for the future, and build relationships with others who share their journey.

"I like coming here because it's the only place I feel normal, and I don't have to worry about being judged for doing something wrong."

Individual Caregiver Consultations

In person or on the phone, these discussions provide education on symptoms and disease progression, risk management tips (legal and financial protections, physical safeguards, etc.), guidance for short- and long-term considerations, help troubleshooting challenges, and ongoing personal support.

"It's so overwhelming, but you've made me feel so much better by just listening and helping me understand and prepare for what lies ahead."

Half-Day Memory Care (Respite)

By providing caregivers a much-needed break while engaging their loved ones with fun socialization and stimulation in a safe, dementia-friendly environment, this non-medical program improves the quality of life for the whole family!

"Even though she forgets so much, my sister ALWAYS knows when Friday is and she's going to her group at the church."
