**Sponsored by: Parkinson's Foundation Community Grant**

Madison is an Atlanta native who moved to Greenville with her husband in May of 2021. She received her Bachelor's Degree in Human Development and Family Sciences from the University of Georgia. After graduation, Madison worked as a physical therapy aide at the Shepherd Center in Atlanta, where she developed a love for working with people with neurological injuries and/or pathologies. Three years later, Madison attended Georgia State University, where she graduated with her Doctorate in Physical Therapy. Furthermore, Madison was accepted and completed a Neurological Residency program with the Medical University of South Carolina the following year, making her a board-certified Neuro Clinical Specialist. She has since been living and working in the Greenville area, pursuing her passion for working with and treating those with neurological impairments in order to improve one's overall function and in return, improve one's quality of life.
