

10 Ways to Help a Family

alzheimer's  association®

**Virtual Presentation and Panel
November 18 | 10:00-11:15 AM**

Often we don't know how best to help a family affected by Alzheimer's or another dementia related disease. Frequently caregivers are unsure how to ask for help or what assistance to even ask for. Understanding Alzheimer's and dementia is the first step to being able to help a family affected by these diseases. Join us for a brief overview of Alzheimer's and dementia and the challenges caregivers may face followed by a panel discussion exploring tips for how to help a family and caregiver.

Featured Panelists:

Angela Burrow, Certified Dementia Care Trainer & Community Educator

Janet Kocal, Community Educator

Kathy Garner, Faith Ambassador

Charles Elligson, FTD Support Group Facilitator

Kathy Rausch, Community Educator, Advocate & Caregiver

Participants will be given the option of joining via video/webinar or through a toll-free number. Registration is required, and registrants will be sent conferencing details prior to the date of the program.
